DETAILED ACTION

1. Claims 10-23 are rejected under 35 U.S.C. 102(e) as anticipated by or, in the alternative, under 35 U.S.C. 103(a) as obvious over Haut et al (6,207,014).

The claims are rejected for the grounds set forth in the previous Office Action, mailed July 1, 2003.

2. In view of the papers filed July 28, 2003, it has been found that this nonprovisional application, as filed, through error and without deceptive intent, improperly set forth the inventorship, and accordingly, this application has been corrected in compliance with 37 CFR 1.48(a). The inventorship of this application has been changed by the addition of Stephan Eichhorn.

The application will be forwarded to the Office of Initial Patent Examination (OIPE) for issuance of a corrected filing receipt, and correction of the file jacket and PTO PALM data to reflect the inventorship as corrected.

3. Applicant's arguments have been considered but are deemed unpersuasive of patentability. Applicant's arguments for patentability are premised on alleged myriad of possible choices presented by Haut et al's disclosure. The allegation overlooks the fact that the number of choices of specifically mentioned non-ionic surfactants when this embodiment is selected and the polyol surfactant is used is two: polyglycerol polyricinoleate or polyglycerol poly-12-hydroxystearate. In regard to the amount of wax ester used in Haut et al, and acknowledged by Applicant, the fact remains that amount of wax ester overlaps the claimed amount.

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
